A Media Feeding Frenzy

It's 4 a.m. Eastern Time and the fledglings – receptive to the C_A's point of view – are ready to feed on the latest narrative. Many journalists that have previously worked for the agency are already on the ball, while others log in to [secure-drop apache](#) and other

Q

QAnon says that John Perry Barlow was murdered after mentioning his name in connection with exposing the C_A using SecureDrop as a method of distributing the daily narrative. He also signaled to Snowden that he could be next. Having this go public must give those involved in the project daily anxiety attacks. The public wasn't supposed to really know, even though it was hiding in plain site.

As you know, alternative/independent media is under attack. Big social platforms like Facebook, Google, and Twitter have slowed down our ability to reach our audience to its fullest potential by censoring our information and presence. American consumes. Today, it expands beyond the C_A and now involves rogue factions within multiple agencies whom some call the Deep State; A black-hat collective with tentacles that reach into every media, financial, tech, and government institution worldwide. Some historical context is provided by the following NY Times article.

Excerpts from a 1977 NY Times Article

*"The Times also obtained the names of **more than 30 American journalists** who have worked since World War as **paid intelligence operatives...**"*

*"... **at least 12 full-time C.I.A. officers** have worked abroad over the last 30 years while posing as **employees of American owned news organizations.**"*

"...I want to live over here in a country that I like without having to worry about getting a bomb through my window," said one man, a former correspondent for ABC News who worked for the C.I.A. in the 1950's."

*"...Carl Bernstein, the freelance investigative reporter, wrote in Rolling Stone magazine that some **400 American journalists** had '**secretly carried out assignments' for the C.I.A.** since the agency's founding in 1947, in many cases with the knowledge and approval of top news executives."*

*"...Several former intelligence officers pointed out that **the C.I.A. itself does not know precisely, and probably can never know, how many American journalists have been on its payroll over the years.** Agency files are widely scattered and incomplete, they say, and some of the arrangements made abroad may never have been recorded at C.I.A. headquarters."*

*"...the three-month investigation by The Times found that **at least 22 American news organizations** had employed, though sometimes only on a casual basis, **American journalists who were also working for the C.I.A....**which range from some of the most influential in the nation to some of the most obscure, include ABC*

and CBS News, Time, Life and Newsweek magazines. The New York Times, The New York Herald Tribune, The Associated Press and United Press International...Also included were the Scripps-Howard chain of newspapers. The Christian Science Monitor, The Wall Street Journal, The Louisville Courier-Journal and Fodor's, a publisher of travel guides... College Press Service, Business International, the McLendon Broadcasting Organization, Film Daily"

institutions with a larger voice that says we won't surrender to the international criminal cabal.

The Life Cycle Of A Mockingbird

In order to better understand how the Mockingbird media operates, consider the following Q post from February 5:

Q !UW.yye1fxo ID: 472124 No.275719
Feb 5 2018 12:30:09 (EST)

Imagine THIS.
Raw intel collection.
Narrative FEEDER.
Narrative COI I FACTORS.

CLASSIFIED.
PAYMENTS.
FOREIGN ACCOUNTS.
CASH.
SPOOK FILES.
HOTELS.
BLACKMAIL.

How do you retain 'Freedom of the Press' if those in front of the camera [trusted by select viewers] are extensions of the ARM?

Freedom of the Press is VITAL to retain.

TRUST THE PLAN.

THERE ARE A LOT MORE GOOD THAN BAD.

You, THE PEOPLE, need to remember how TO PLAY.

You, THE PEOPLE, have the POWER.

We STRIKE every SINGLE DAY.

We WIN every SINGLE DAY.

EVERY SINGLE DAY THEY ARE BEING DESTROYED – LITERALLY.

STAY STRONG.

HAVE FAITH.

THIS IS BIGGER THAN ANYONE CAN IMAGINE.

Q

Let's break this down.

Black Hat operatives dig whatever dirt they can find, sometimes within classified-sourced docs. Raw intelligence is then passed via secure channels to other Black Hat operatives for dissemination to clearing agencies. Data is then distributed to think tanks to be assembled into strategic products for specific purposes, then fed out for further distribution as necessary. Black Hats in the media receive the narratives from the think tanks and create action plans. Then these narratives are offered to designated media outlets/agents/journalists for publishing. They may also be offered to Hollywood voices such as late night talk show hosts to be pre-scripted for delivery once the story is 'scooped'. Black Hat narratives are then delivered at a predetermined time and place.

Unfortunately Q can't uncover the funding of Black Hat media operations because it may damage the status quo. But the Black Hats in media are paid with dirty/black budget money. Payments can also be traced to foreign accounts, which many are found within [the Paradise/Panama papers](#). Even cash payments may also be distributed through charities like Red Cross, USAID, and other money laundering operations for their silence on the matter. Silence and participatory acquiescence may be garnered through blackmail and especially [Brownstone ops](#). Hotels such as the "Standard" in California – where it is known that many of the international elite love to stay – serve as a front for Brownstone ops. Once blackmailed, the Black Hats in the media and Hollywood are now "Made" operatives for future use and can never "Leave" such company, whether they want to or not.

It may be inferred that the Black Hat media control of the narrative have become the heroes of their viewership (mostly left/progressive leaning) and have taken such charge to hijack our constitutional rights by hijacking our minds, which could be seen as treasonous by some. The take down of the Black Hat media propaganda ops must come into play before further operations that focus on larger fish may be acted upon. For now, you have no other choice but to trust the plan.

Many people seem to think that just because the C_A got outted during the US Senate [Church Committee hearings](#), the C_A stopped operating behind the scenes. That couldn't be further from the truth. [Meet Dr.Udo Ulfkotte, a German Journalist and political](#)

Here is his interview on RT news:

There is plenty of evidence showing C_A involvement through Media assets with the purpose of manipulating the public discourse while undermining the republic’s institutions and the public’s lives.

Take this latest example from Glenn Greenwald where he slams NBC’s Ken Dilanian for being a C_A puppet:

“He’s a Puppet and mouthpiece of the C_A”... ‘Now he is the star reporter at the MSNBC and NBC, where that is all he does, just blindly and mindlessly repeat what the C_A tells them to say’.

Did you watch the clip and catch what he said? Here:

EXCERPT:

GREENWALD: "Well, it is really amazing because we at 'The Intercept' did a FOIA request where we asked the C_A to turn over there communications with reporters, which they can't refuse to do on national security grounds because they're communicating with journalists. And they turned over e-mails that had all kinds of communications between the C_A and Ken Dilanian, where he would say, 'I'm about to report on you. Here's the draft that I want to say? What do you guys think? What should I change?' We published all those e-mails and lots of liberals said, 'Ken Dilanian is the worst, he's a servant of the C_A.' He got pushed out of the 'L.A. Times,' but ever since then, he's kind of climbed up/fell off the ladder, and he's now the star reporter at the MSNBC and NBC, where that is all he does, is just blindly and mindlessly repeats what the C_A tells him to say. He gives them anonymity and he's essentially their puppet and their mouthpiece, and that is called journalism over at MSNBC."

If anyone wants to try and point out how technically "Operation Mockingbird" hasn't been in effect since the 70's, may want to consider the actions of the C_A and not what their official policies are on the books. Collusion with journalists is real and based on the global entanglement and connectivity we all share through today's communications' platforms, plus the national security implications of when we don't have a 'check' on these media institutions, it's safe to assume it's only natural this is occurring behind the scenes and not as an official institutional policy. An unfortunate side-effect is having the reality of rogue factions within these institutions undermine the Republic as we've seen within the WikiLeaks releases. And that's where things go downhill.

Enter The Entanglement

The following graphic is from the last [OIG report](#) that shows reporters in the center surrounded by FBI/DOJ employees who leaked information to them.

The report states:

"We have profound concerns about the volume and extent of unauthorized media contacts by FBI personnel that we have uncovered during our review,".

Also, thanks to the Wikileaks drops of Clinton emails, we got a large list of journalists that have colluded with intelligence operatives, the DNC, and Hillary during the 2016 campaign. (There are 63 that we've gathered so far):

Once You See, You Can't Unsee

We are uncertain of how many mockingbirds there are, but based on multiple admitted media reports, historical reports, WikiLeaks drops, and a good educated guess, it's safe to assume it's at least a few hundred. Some of these media/journalist assets even have spouses and family members that work in Government. Some of them have carried over from Politics into MSM. And some of them come from a long lineage of elite families. Bias is the minimum default. Take Anderson Cooper and Mika Brzezinski as an example.

Who Is Anderson Cooper?

TV Personality

CNN News Anchor / Journalist

Correspondent of 60 Mins

Majored in political science at Yale

Spent 2 Summers Interning at the C_A

What Is Anderson Cooper's Family Background?

Cooper's mother is Gloria Vanderbilt. She was the great-great-granddaughter to Cornelius Vanderbilt. Yes, the same Vanderbilt that built the Vanderbilt Family Railroad and Industrial Fortune. The Vanderbilts are one of the richest families in America's history.

Anderson Cooper's Great-Uncle – William Henry Vanderbilt III

godfather of what is known today as the C_A.

William H. Vanderbilt III, heir to one of America's richest families and a former governor of Rhode Island, was a type of individual whom Donovan recruited, like Harvard professors, bankers, lawyers, convicts, code experts, and a miscellany of others. Their credo was to hire anyone "*of great ability*" and "*later on we'll find out what they can do.*"

Knowing Anderson Cooper's background, why do you think he holds that current position at CNN? Do you think the wealthy elites have a stake in your docile state-of-being? Why is that? What are they protecting? Think about it.

Who Is Mika Brzezinski?

News Presenter

Co-Host MSNBC's Morning Joe

9/11 correspondent

Bachelor of Arts degree in English

Mika Brzezinski's Family Background

Mika's father is Zbigniew Brzezinski. Zbigniew was the Co-founder of the Trilateral Commission, he was also a CFR Member (Council On Foreign Relations), a U.S National Security Advisor to Jimmy Carter, Co-chair of HW Bush Foreign intelligence Advisory Board, Obama's Foreign Policy Advisor, Member of CSIS, and Speaker at the Communist World Forum.

Her father is on record idealizing the theories of Karl Marx, and argued that balance-of-power politics was out, and world-order politics was in.

Do you think it's just a coincidence that a woman of that background is in media? Who has stake in what and how you should think? Think about that.

Did you watch the clip above? Did you catch the Freudian slip?

Want to know more about Mika and her Daddy? See our Instagram post

All the examples given highlight how rogue factions – not just in the C_A, but within multiple agencies – dictate every media organizations point-of-view. And we're not done.

How do you feel knowing that you've been manipulated through films, T.V. shows, music, and radio, seeing as the same companies own and push everything we consume without giving us a real choice? Do you really think you know truth? What is truth?

The following propaganda clips speaks for themselves:

Qanon POST #59

Anonymous ID: KC17sSpZ No.147664082
Nov 2 2017 16:04:05 (EST)

Remember, information is everything, the flow of information is no longer controlled by the MSM but by you/others.
Hence, why we are dedicating 'critical' time to distribute crumbs which can be followed in greater detail to paint the entire picture once more information is released.
Why has POTUS dedicated so much time into labeling the MSM as fake news?
Why is this relevant?

Now that you know who is running your media, what are you going to do about it? **If they're the mockingbirds, are you the parrot – or are you the centipede that preys on both?**

And as always, God bless America and long live the republic. Where we go one, we go all.
